

Flushable Restrooms

*Hands-free flushing means **Clean** hands!*

Want a little more luxury without the expense of a trailer? Our flushable restrooms will be perfect for your special event. With more features than our standard event packages, our flushables utilize foot pedals to operate both the flushing toilet and the clean sink with running water. Complete with soap and towel dispensers these restrooms allow your guests to quickly and cleanly utilize the facility so they can get back to the celebration at hand.

Includes a clean empty sink w/ running water, paper towels, small shelf & purse hook.

Flushables are available in white (left) + lime (above)

**Available in
2 Colors!**
